CURRENT TRANSFORMERS

TRANSFORMERS

- ISOLATION TRANSFORMERS WITH SOFT START SYSTEM
- AUTO TRANSFORMERS
- K-RATED ISOLATION TRANSFORMERS
- CONTROL TRANSFORMERS
- CURRENT TRANSFORMERS(CT'S)

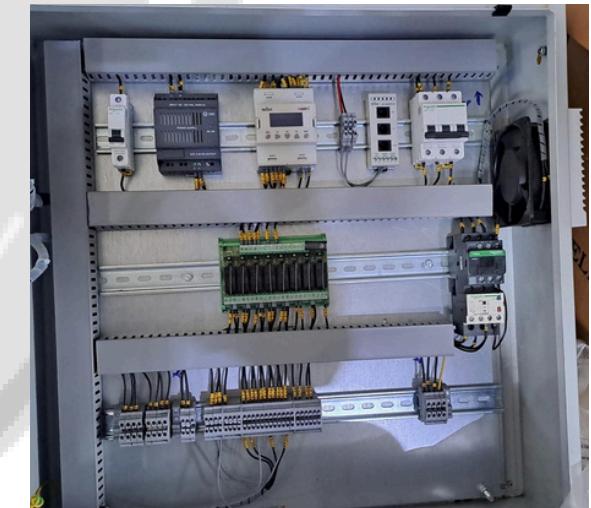

HARMONIC SOLUTION

- DRIVE AC INPUT/OUTPUT CHOKES
- INPUT OUTPUT HARMONIC CHOKES
- POWER FACTOR CORRECTION REACTORS
- SHUNT REACTORS

VOLTAGE REGULATORS

- SERVO CONTROLLED VOLTAGE STABILIZERS
- STATIC VOLTAGE STABILIZERS
- AC-DC CONVERTER (DC POWER SUPPLY)

CONTROL PANEL

PLC BASED CONTROL PANEL

- Control Panel With Multi Drive System PCC (Power Control Center) MCC (Motor Control Center) APFC Panel (Automatic Power Factor Control Panel)
- Automatic Mains Failure (AMF)
- Fully Auto and Manual Synchronizing System
- HVAC Control panel
- Auto transformer Control Panel
- Auto Battery Charger Panel
- Operator interface panel
- Distributed IO control panel
- Instrumentation Panel
- Desk / cabinet panel

Features

OUR SPECIFICATION PANELS

We provide high-quality, durable panels customized for various industrial and architectural applications. Our range includes:

MS Panels (Mild Steel Panels)

- Strong and durable
- Ideal for structural and heavy-duty applications
- Available in powder-coated, painted, or galvanized finishes
- Custom sizes and configurations available

SS Panels (Stainless Steel Panels)

- Corrosion-resistant and hygienic
- Suitable for indoor/outdoor and cleanroom environments
- Grades: SS304, SS316, etc.
- Brushed, mirror, or matte finishes

Aluminium Panels

- Lightweight and rust-resistant
- Perfect for architectural cladding, signage, and decorative use
- Available in anodized, PVDF-coated, or raw finish
- Highly customizable in color, thickness, and design

About Us

Goodwill Automation and Service

At Goodwill Automation and Service, we aim to play a vital role in the global supply chain through on-time delivery, cutting-edge technology, and uncompromising quality.

We offer a wide range of advanced automation products, including AC Drives, PLCs, HMIs, Servo Systems, and Simotion Controllers, tailored to meet the evolving needs of modern industries.

As a global leader in industrial sensor technology, we specialize in Factory Automation, delivering flexible, application-specific solutions that ensure operational excellence.

Backed by a highly skilled team and a customer-first approach, we are committed to providing smart, reliable automation that enhances efficiency and drives innovation.
